CERTIFICATIONS

Red Hat Certified System Administrator (RHCSA) – RHEL 9
Certification ID: 240-054-056 | April 2024

TECHNICAL SKILLS

- Operating Systems: Linux (RHEL 9, Ubuntu)
- System Administration: User & Group Management, File Systems, Permissions, Process Management, Package Management (YUM, APT), System Security
- Scripting & Automation: Bash (basic), Shell scripting for routine tasks
- Monitoring & Logging: Grafana, Prometheus, Kibana, Kiali, ELK Stack
- Containerization & Virtualization: Docker, Podman
- Version Control & CI/CD: Git, GitHub, Jenkins
- Databases: PostgreSQL
- Documentation Tools: Markdown, D2 (diagramming)

PROJECTS

- Linux Server Administration – Internal Systems
 - Configured and managed RHEL-based servers including user accounts, file permissions, and system security policies.
 - Automated routine tasks such as log rotation and system updates with shell scripts.
- System Monitoring – FINO Bank
 - Implemented monitoring dashboards using Grafana, Kibana, and Kiali.
 - Configured alerting rules to proactively address system downtime and performance issues.
- Manual Testing – National Portal of India (NPI)

- Performed functionality, accessibility, and data integrity testing on government web applications running on Linux servers.

- Diagram Creation – FINO Project

- Designed architecture and system workflow diagrams using D2 tool for documentation and auditing.

EXPERIENCE

Linux & DevOps Engineer

Keen & Able Computers Pvt. Ltd., Noida — Mar 2023 – Jun 2025 (Hybrid)

- Administered Linux-based systems including installation, patching, performance tuning, and troubleshooting.
- Managed user access, permissions, and secure authentication across multiple servers.
- Deployed and supported Docker/Podman containers for development and testing environments.
- Configured and maintained monitoring tools (Grafana, Prometheus, Kibana) to ensure high availability of production systems.
- Collaborated with cross-functional teams to enhance infrastructure reliability, scalability, and security.
- Maintained comprehensive system documentation and created architecture diagrams for IT governance.

EDUCATION

- MCA — IGNOU (Pursuing)
- B.Com (Vocational Studies) — Delhi University, 2023
- 12th (Commerce) — Sarvodaya Kanya Vidyalaya, 2019
